Chapter 5. General Licensing

§ 5-4. PUBLIC DISPLAY OF FIREWORKS.

§ 5-4.1. Statutory Authority. [No. 95-10; New]

Pursuant to N.J.S.A. 21:3-1 et seq., the Township imposes the following conditions on the issuance of permits for public fireworks displays. Approved fireworks displays are exempt from the noise ordinance for the duration.

§ 5-4.2. Permit Required. [No. 95-10]

No fireworks display shall be conducted on any properties within the Township without prior issuance of a permit.

§ 5-4.3. Hours of Operation. [No. 95-10; New; Ord. No. 2015-08]

Hours of Operation. No fireworks displays shall occur or be completed after the later of (i) 10:00 p.m., or (ii) if in conjunction with a sporting event that ends after 10:00 p.m., 20 minutes after the last pitch, the final buzzer, or the end of the game, as applicable.

§ 5-4.4. Application; Publication and Posting of Notice. [No. 95-10]

No permit for the public display of fireworks shall be issued unless the application for the permit is received by the Township Committee no later than 30 days prior to the date on which the public display is scheduled. Each permit issued for the public display of fireworks shall require, as a precondition to the conducting of the public fireworks display, that each permittee publish, no later than 10 days prior to the date of the public fireworks display, a notice to the general public that a display of fireworks will occur. The notice must be published in the local display section of the official newspaper of the Township, and must also be posted at the Township Municipal Building and on the public-school buildings in the Township. The notice shall include the following information:

- a. The name of the proposed operator of the public fireworks display.
- b. The street address and tax lot and block number of the property on which the fireworks display is scheduled to occur.
- c. The date and time that the fireworks display will occur.
- d. Nothing in this section shall be construed to limit or detract from any laws or regulations relating to the use of fireworks or to detract from the penalties or fines associated with the improper use of fireworks.

§ 5-4.5. Additional Requirements; Refusal to Issue Permit. [No. 95-10]

In addition to the above requirements, the Township Committee shall, with respect to each application for a permit, establish such further conditions and requirements for the public fireworks display, and nothing in this section shall be construed to limit the right of the Township Committee to refuse to issue a permit for the public display of fireworks.

§ 5-4.6. Fee. [No. 95-10]

Each applicant, in addition to any other applicable fee, shall pay to the Township an application/permit fee in the sum of \$25.
